

COVERMAN DERMATOLOGY PATIENTS

Dear Patients,

It is with mixed emotions that I am announcing my retirement from active practice, effective August 25, 2017. It has been a great pleasure providing for the healthcare needs of my patients over the past 38 years, and it's not easy for me to give it up. I have greatly valued our relationship and thank you for your loyalty and friendship. I will carry many wonderful memories of this practice with me on this next leg of my journey.

I'm excited to share with you that my practice has been acquired by locally-based Advanced Dermatology and Cosmetic Surgery, so I am confident I am leaving you in great hands. Advanced Dermatology, headquartered in Maitland, is the nation's largest and most prestigious dermatology practice, with nearly 200 offices nationwide. As their patient, you'll receive care from providers who are not only outstanding in their own right, but who also have access to the stores of knowledge of more than 400 board-certified dermatologists, plastic surgeons, fellowship-trained Mohs surgeons, and other providers across the country, all committed to providing you with uninterrupted care at the highest standards.

Your medical records are confidential, and will be kept in our office. The choice of your medical provider is solely up to you. You may continue care with Advanced Dermatology, or, if you desire to make a change, we will send your records to any provider you designate on a signed release form which you may obtain at our office. Records can also be released to you or another person designated by you with your permission, or you can contact us for a record request release.

Thank you for the opportunity of service over nearly four decades. I leave knowing Advanced Dermatology is ready to provide you with the extraordinary patient experience you expect and deserve.

Matt Leavitt, DO, Board Certified Dermatologist
